## **Immokalee Foundation receives grants from League Club, Blue Cross Blue Shield**

A \$25,000 grant awarded by The League Club, as well as a \$10,000 grant from Blue Cross Blue Shield, will be used by The Immokalee Foundation to address recurring challenges faced by students in its groundbreaking program, Career Pathways: Empowering Students to Succeed.

Career Pathways is an innovative, career-readiness program that introduces students to well-paying career opportunities in high-demand employment sectors. Additionally, it guides students to the industry-recognized certifications that provide entry into many of these careers.

The League Club Inc. is a not-for-profit organization of women in Southwest Florida who are current or former members of the Junior League. Its mission is to strengthen communities through fellowship, education, volunteerism and philanthropy.

Since 1929, Blue Cross Blue Shield has led the health care industry by rising to the challenges that change brings, enabling new discoveries and continuing to evolve.

The Immokalee Foundation provides a range of education programs that focus on building pathways to professional careers through support, mentoring, tutoring and life skills.
