# Giving Thanks

~ Have a Wonderful Thanksgiving with Family and Friends ~

**Done in a Day** had its first very successful **Third Thursday Food Drive**. We were able to fill two vehicles with food for St. Matthew's Pantry! Thank you to all who contributed! It was SO much fun to see you in person! Our next Third Thursday will be December 17th!

**CIC in Action:**

## LEVERAGING TECHNOLOGY TO EQUIP, EDUCATE & EMPOWER

The Hope for Families' mission is to equip, educate and empower families to achieve a higher quality of life, a greater sense of community and foster economic opportunity and hope. The agency has found that today's working families are part of the "net-culture" where a lack of computer-based skills result in a "digital divide," limiting success in the workplace and home life. Hope For Families is working to close this divide by improving low-income adults' computer literacy skills, and this year a grant from TLC has helped them achieve this goal.

The League Club provided funding for Hope for Families to launch a technology project to invest in desperately needed computer lab equipment and curriculum enhancements for the computer skills classes. The project is designed to reach adult students of low income families in Collier County, especially the Golden Gate and East Naples areas. Hope For Families anticipates that 120 people will benefit from this program and that the numbers will increase next year as they continue to build partnerships with other organizations in the community. In addition, 90% of the students will complete the course with significant improvement in computer skills, which will increase their job retention rates and help them seek better employment opportunities.
